Background and Experience

Please briefly present the partner organisation:

IBD Partnership promotes, organises and manages work experience and educational programmes for students, teaching staff, professionals and organisations.

Established in **2005**, IBD Partnership has permanent staff specializing in:

International mobility in all vocational sectors: Planning and managing of work experience in Portsmouth and Southampton UK (as hosting organisation) and abroad (as sending organisation), under the Lifelong Learning programme and Erasmus +.

Training in the field of Leadership, Management, Healthcare and Catering: IBD Partnership plans and manages training courses for students, entrepreneurs and employees and disabled and the disadvantaged.

The IBD Partnership also have been working and planning projects for disabled and disadvantaged people for many years and has a very good understanding, knowledge and experience of the needs and requirements of the individuals.

We work with projects that are funded through the European Commission's Programmes, state funders and a variety of other funding areas including Statutory funding, local government, National Lottery, Learning and Skills Council (UK).

We have experience of working with international students from diverse background with different social, cultural and religious requirements.

What are the activities and experience of the organisation in the areas relevant for this application?

The IBD Partnership has several years of experience in the management and implementation of EU mobility projects within LLP, now Erasmus + programmes, as well within ESF and ERDF programmes. The company has managed projects for VET and university students, HE and VET teachers for their professional exchange of experience and capacity increasing courses.

According to the agreement with the sending organisation, IBD Partnership provides all the necessary information during the application process and supports the sending organisation.

During the planning and project implementation period, IBD Partnership organises the practical and professional matters in the hosting country – finding suitable work placements according to the education background and professional experience, managing accommodation and transports, et al.

Together with sending organisation, IBD Partnership ensures the filling of all necessary project documentation.

Please give information on the key staff/persons involved in this application and on the competences and previous experience that they will bring to the project.

The IBD Partnership's key personnel in this project would consist of Placement manager, Group Liaison Coordinator, Liaison Manager and management.

The Placement Manager has a several years of experience in finding a suitable work placement according to the project content and participant needs. The placement manager has professional experience in the HR and in the management of international projects, as well as in the intercultural communication.

The Group Liaison Coordinator assists to the management of practical aspects of the international projects and helping the project participants with everything they might need, therefore the group liaison coordination has developed excellent social skills and intercultural communication capabilities. As well the person provides the information and instructions to the project participants, so they can easily deal with the practical matters.

The management of company and the liaison manager is responsible for the smooth implementation of the project and for the communication with the project managers and other involved sides, and have extensive practical knowledge in the management and implementation of international education projects, intercultural communication and crisis management. The latter part is responsible for the proper processing of all relevant project documentation.

As the projects cover a variety of diverse sectors, the company involve also other experts and professionals in the corresponding field in order to provide the best possible solution and approach to each project.

Have you participated in a European Union granted project in the 3 years preceding this application?
